PROPOSED by Councillor Mrs. P.E.M. Folland
SECONDED by Councillor P. Weatherall

RESOLVED-

That the Minutes of the last meeting of the Town
Council held on 10th November be adopted as
circulated.

108. MATTERS ARISING FROM THE MINUTES

(a) Minute 99(b) – Vandalism/Antisocial Behaviour in Pennar

The Town Clerk reported that he had spoken to Acting Inspector Jackie Blackmore 3-4 weeks ago regarding this matter, and that he had also spoken that day to Inspector Thomas. The police were hoping to be present at the next community meeting to be held on the 2nd Tuesday of the month in Pennar (13th December).

With regard to the lighting in Owen Street, the Town Clerk read out to Members a letter he had received from Pembrokeshire County Council which stated that the existing street lighting provided along Owen Street was installed to the required standard for this type of lighting and they had no proposals to provide any additional lighting. They had also spoken to the Head of the Junior School who were not aware of any anti-social behaviour or vandalism occurring within the school grounds. Comments had been made regarding light intrusion from the existing light attached to the school from adjacent properties and they would not wish to exaggerate the situation by installing any additional lighting.

Councillor S. Perkins suggested that this matter needed to be taken back to the residents in Pennar, who could then refer it back to the Town Council for their next meeting. Councillor Mrs. Fortune agreed to refer this back again to the residents in Pennar.

(b) Minute 99(f) – Spring Bulbs, etc.

The Town Clerk reported that the tubs with spring bulbs, etc. will hopefully be in place just after Christmas. He had been advised that better plants would be available after Christmas.

(c) Minute 99(g) – Town Council Computer System

The Town Clerk reported that he had taken a quote from the Internet from Dell of £1500 for the purchase of a laptop computer. No other quotes had been obtained. He will place the matter before the next Town Council meeting with specific quotes. Because specific software was required then costs were increased.

(d) Minute 99(i) – Play Areas

Councillor S. Perkins asked Councillor R. Watts to clarify the situation with regard to the minute concerning Play Areas. Councillor Watts stated that he and Councillor Esmond were looking at the possibility of appointing one person to look after and repair play ground items. This would be a joint effort involving other town councils/community councils. Councillor Esmond said that he wanted the facilities for children to be developed instead of being reduced, and that there was a danger of letting our children down if nothing was done. Councillor Perkins stated that the Town Council would need to draw up a policy if they were to take on the responsibility of play areas, and would need to look for funding. Councillor Watts advised the meeting that the Big Lottery had also indicated that they may be able to support Playground Equipment schemes and had recently written to County Councils on the matter.

Councillor Watts said that they hoped that they would be able to come back with an answer shortly.

(e) Minute 166 – Appeal under the Town and Country Planning Act 1980 in respect of site at 2 Park Street, Pembroke Dock

The Town Clerk reported that he had written to the Planning Inspectorate in relation to the Appeal and conveyed to them what had been said at the last Town Council Meeting.

The Town Clerk reported that he had received an acknowledgement to his letter sent to Pembrokeshire County Council regarding this matter.

The Town Clerk reported that he had received an acknowledgement to his letter sent to Pembrokeshire County Council regarding this matter.

(h) Minute 173 – Dyfed Powys Police

The Town Clerk advised that Inspector Thomas had arranged for 3 placements to accompany the police on Saturday 10th December from 2100-2400midnight and any Member who wished to accompany the police on that evening should let him know.

(i) Minute 174 – Withybush Hospital

The Town Clerk advised that he had received a reply from the Acting Chief Executive of Pembrokeshire and Derwen Trust NHS, Mrs. M. Hodgeon, which stated that there was no intention of downgrading facilities and that the people of Pembrokeshire would be consulted about any plans to change existing facilities. She concluded her letter by saying “I would like to reassure you that any permanent changes to services provided by the Trust would only be made after formal consultation with the people of Pembrokeshire. We have no wish or interest to ignore the needs of the people of Pembrokeshire.”

(j) Minute 177 – Letter from Mayor of Haverfordwest regarding Haverfordwest Fire Station

The Town Clerk advised that he had received a standard reply from the Chairman of the Fire Authority which stated that the proposal to move to day crewing at Haverfordwest currently had been deferred at the request of the Welsh Assembly Government until the new guidance on Integrated Risk Management planning was received.

(k) Minute 185 – Badges for Staff and Councillors for Civic Occasions etc.

The Town Clerk reported that he had received a quote from Badgemaster of £148 for the setting up of the badges and thereafter £3.65 per badge.

Following discussion it was agreed not to accept the quote from Badgemaster, but to make our own badges using the Town Council computer.

(l) Minute 186 – Invitation

The Mayor, Councillor Watts, reported that County Councillors for Pembroke Dock had not been invited to the recent informal buffet reception for Pembroke and Pembroke Dock Town Councillors. It was agreed that this was not a Town Council matter as invitations had been issued by the County Council. Councillor S. Perkins agreed to speak to the County Councillors affected.

(m) Minute 188 – Pater Hall Community Trust

(n) Minute 190 – Pembroke Dock Christmas/Winter Festival

The Town Clerk confirmed that the Christmas Festival would take place on 10th December 2005 with Father Christmas arriving at Memorial Park at 6.30pm and travelling by sleigh to Lower Meyrick Street. The Christmas Tree lights would be switched on at 7.00pm followed

by carol singing around the tree in Lower Meyrick Street. At 7.30pm approximately there would be a Fireworks Display from the Martello Tower in Front Street.

(o) Minute 193 – Street Naming

The Town Clerk reported that he had received a letter from County Councillor Brian Hall regarding this matter to which he had drafted a reply. Copies of both these letters had been given to Members so that Members could confirm that they were satisfied that the Town Clerk's reply should be sent.

Members agreed that the letter should be sent with an additional paragraph noting that a street in Milford Haven had recently been named after a prominent local figure and whether the procedure followed by County Council officials was different in this instance.

The meeting was suspended at 1915hrs for the presentation given by Margaret Burnett of Pembrokeshire Counselling Services.

109. MARGARET BURNETT – PEMBROKESHIRE COUNSELLING SERVICES

Margaret Burnett informed the Town Council that Pembrokeshire Counselling Services which was a voluntary service, had been running for 12 years and had 25 qualified and trained counsellors, of which 17 were female and the rest male. She said that it required £14000 a year to run the service which was funded from charity. The counsellors were paid no money for their time, but were given travelling expenses and training days were put on for them. The service also had to pay for insurance.

The Service, which is a generic service, deals with people of all ages, from 9-90, and 5.5 thousand people have been helped by them. The service is bilingual.

Margaret Burnett invited questions from the Town Council and thanked them for allowing her to attend the meeting as she felt that Members should be aware of this charity.

The Mayor, Councillor Watts, thanked Ms. Burnett for attending the meeting and giving her presentation.

1945hrs – The Town Council meeting resumed

110. REVIEW OF LOCAL SERVICE DELIVERY IN WALES

111. NATIONAL ASSEMBLY FOR WALES DOCUMENT - THE CASE FOR CHANGE – THE PROVISION OF HEALTH SERVICES IN WALES

This matter had been brought back from the previous Town Council meeting when the Council had been asked to consider a Consultation Document called “The Case for Change” and send their observations by 31st December 2005 to the respective Assembly Members.

The Town Clerk agreed to send a response accordingly.

112. GUIDANCE CONCERNING PLANNING APPLICATIONS

- (a) Alterations and Extensions to Dwelling Houses
- (b) A Model Design Guide for Wales – Residential Development
- (c) Shopfront Policy and Design Guidance

This matter had been brought back from the previous Town Council meeting when Members had been given a draft copy of the above Planning Guidance documents.

Members agreed that the documents gave a good presentation of what those concerned with planning matters should be looking at in Pembrokeshire and that they were happy with it. They believed that having produced this guidance, then the County Council should adhere to it.

The Town Clerk agreed to send an appropriate response.

113. REVISED STANDING ORDERS AND MEMBERS CODE OF CONDUCT

PROPOSED by Councillor R.G. Watts
SECONDED by Councillor P. Weatherall

RESOLVED-

That the Revised Standing Orders and Members Code of Conduct be accepted.

114. REPORT OF THE TOWN CLERK

197. Consultation Document From Welsh Assembly Government On Three Year Revenue And Capital Settlements For Local Authorities In Wales

The Town Clerk had received a report concerning the above topic which sought the view of Local Authorities and others on a proposed change to the current arrangements. Although it was primarily aimed at County Councils it did seek other authorities' views as to whether a revision would enable better planning on the use of resources provided by the Assembly. This was just as relevant to Town and Community Councils as County Councils since the Town Council would need to think about their precept over a three year and not just a one year period of time. Planning the use of its resources over that period would also be a must. There was also the possibility raised in the report that some of the services to be provided by the County Council could be contracted out to Town/Community Councils, e.g. street cleaning, playgrounds, etc. The closing date for responses was 27 January 2006.

Members' instructions were sought as to whether they wished to appoint a sub group to work with the Town Clerk with a response, whether Members wished the Town Clerk to make a presentation of the issues to the next Town Council meeting or whether Members wanted the Town Clerk to respond as he considered appropriate.

Following discussion it was agreed to refer the matter to the same Sub-Group comprising Councillor R. Watts and Councillor D. Esmond, who were to consider the response to the Review of Local Service Delivery in Wales.

198. Town Councillors' Involvement Upon Premises Licensing

The Town Clerk had been in correspondence with the County Council on this matter following information read in a national newspaper by Councillor K. Higgs. The Town Clerk confirmed that the advice of the County Council Legal Department was that there was no physical geographic limit on representations that would apply to County or Town/Community Councillors.

199. Resignation Of Town Councillor

The Town Clerk had received a letter of resignation from Councillor David Brinn due to increasing work and personal commitments. Mr. Brinn had been co-opted as a Town Councillor in August 2003. The question to be decided was whether the Council wished to co-opt another member or whether an election should be called. It would be necessary to follow set statutory procedures and liaise with the County Council.

Members requested the Town Clerk to write to Pembrokeshire County Council asking for the relevant notices which could then be displayed/advertised.

In addition a small cupboard to secure the portable computer equipment would be required. This too could be purchased from the Consortium at a cost of £87.45.

Members agreed to the purchase of these items.

205. Tourism Information Signs Within Pembroke Dock

Pembrokeshire County Council had confirmed that they were unable to assist financially with the provision of these signs. Looking at the suggestions made at a meeting with the Townscape Heritage Initiative the likely costs for the five sites within the Town were as follows:-

The Town Clerk had placed the manufacture's catalogue on the table to the side of the Council Chamber which illustrated the designs (pages 711-723).

In addition County Council's approval would be required for each siting and payment for a contractor to instal them to the correct specifications as shown on page 720 of the catalogue.

The project would therefore cost between £6350 (lower specification) to £7615 (higher specification) together with installation costs.

The County Council had indicated that they would be able to assist with any technical work which would be necessary to get the signs installed. At this stage the Town Clerk had not approached THI with costings but understood that there was a meeting of the steering group the following week when this could be discussed.

21. Accounts for half-year ended 30th September 2005

As the half-year's accounts had not been considered at the last meeting, a copy was again attached for Members' information. The Town Clerk indicated that on present estimates the Town Council would underspend by some £14,000. He explained that it was important that Town Councillors 'owned' the budget such that areas of underspend were identified and where appropriate additional expenditure put in place. To this extent he pointed out that for example we will need to purchase new Christmas Lights in January to replace ones which had passed their usefulness and to ensure there were not excessive reserves. When it came to discuss the precept requirement for 2006/7 Councillors would need to identify clearly where expenditure for the Town was appropriate, Members agreed to come to the January Budget Meeting with their proposals for expenditure.

119. MINUTES OF A COMMERCIAL IN CONFIDENCE MEETING

106. Pater Hall Community Trust

Councillor P. Weatherall declared his interest in this matter and left the Chamber.

The Town Clerk informed Members that the National Lottery was open for requests for financial assistance for projects within Wales. He had taken details from the web and advised that assistance could be sought from the big lottery for sums ranging up to £500,000; above that sum it became more of a national scheme.

The Town Clerk reported an update in relation to the plans. He had received a telephone call that day from Gareth Scourfield. Pembrokeshire County Council were concerned about the proposal for the glass frontage of Pater Hall, which was not in accordance with what was required in a building within the conservation area. Gareth Scourfield was considering an alternative. This information was to be conveyed to the Members of the Trust in due course.

Members agreed that the question of the Trust seeking a loan or grant from the Town Council for the shortfall in funding was a major issue and should be looked at with caution. The Town Clerk was of the opinion that the Trust had not had sufficient time to seek grant aid from other sources and it was inappropriate to consider making a grant/loan at this stage. Councillor D. Esmond who is a Pater Hall Trustee then indicated that the application for financial assistance from the Pater Hall Community Trust should be withdrawn. Councillor D. Esmond also noted that Pembroke Design had already been paid management fees by the Town Council which should be offset against current fees being charged to the Trust.

The meeting ended at 9.20pm.

Mayor
