

The refurbishment of the rear of the offices and roof has now been completed. There has been more play equipment supplied for St Patricks play area and the purchase of 10 benches which are in the process of being installed.

Events have still been restrictive throughout the year due to Covid outbreaks but we did manage to hold some events during the Christmas period with the Lantern Parade and breakfast with Santa.

5. Wellbeing Plan

As the Council have had expenditure of over £200,000 for three financial years preceding the year in which the local well-being plan is published they are now required to report annually its progress in meeting the objectives contained in the local wellbeing plan of Pembrokeshire Public Service Board.

The Public Service Board has identified two overarching well-being objectives as the framework for the Plan. These are:

Who we are: We want to help our people, communities and organisations so that we can support ourselves and each other

Where we live: We want to protect and enhance our natural assets whilst optimising economic prospects, accessibility and health for all

There are four **priorities** sitting under the objectives (two under each):

Who we are	Where we live
Living & Working	Tackling Rurality
Resourceful Communities	Protecting our Environment

The Public Service Board has identified eight integrated **projects** which can make a contribution across and towards all the four priorities and maximise the PSB's contribution to social, environmental, economic and cultural well-being.

The Town Council have met the following categories throughout 2021-2022 and need to consider how they are to meet these going forward into 2022-2023.

1. Recruitment and Employment Transformation Framework
2. Environmental and Climate Change Risk Assessment
